

A Message From The Judges & Stewards Commissioner

Controlled Paddock

Since the controlled paddock was first instituted, the use of large plastic bags and other items has escalated well beyond what is necessary to assist our in-hand horses into the arena. Additionally, we have erred by not clearly stating how this one specified person appointed by either the show committee or the exhibitor is to go about assisting with entrance(s) into the arena. It is well past time for us to establish these parameters and we ask for the support of all our owners and spectators in understanding that these parameters are for the welfare of our horses and our breed. These parameters will also help remove some of the negativity expressed regarding the current practices of how our in-hand horses are presented to the judges and to the public.

EFFECTIVE IMMEDIATELY: The one specified person assisting with entrance of in-hand horses into the ring will be allowed to use **only** the same length whip and appendages as are currently allowed for the individual handling the horse. **Rule reference AR114.2: Whips are to be no longer than 6' including snapper/lash/appendage. Small appendages (no more than 12 inches in length) of ribbon, plastic, etc. are permitted.**

The designated person **will not hit or use any other objects, such as trash cans, walls, etc., to make any noise.**

In addition, **effective immediately**, the use of plastic or paper bags of any type or size is prohibited in assisting with entrance(s) into the arena.

It is the responsibility of Show Management, along with the USEF Steward(s) to ensure the "designated person" understands this policy and their role.

Should this rule/policy be violated, a warning card may be issued to both the handler and the designated person or groom who initiates this violation.
