

Are you passionate about the Arabian horse?

Do you enjoy sharing your Arabian horse with others?

Do you want to help get new people as excited about all the Arabian horse has to offer as you are?

**If any of these describe you, then you might be a good fit for the
Local Level Committee**

The Local Level Committee's mission is:

"To bring people to the Arabian horse through local outreach."

History: In 2019, AHA formed the Local Level Involvement Task Force with the mission stated above. At the 2020 AHA Convention, the Task Force was given standing committee status and became the Local Level Committee. Our goal is to have representatives from each AHA Region participate on the Local Level Committee to bring ideas as well as help implement the programs created by the committee in their respective Regions.

Committee Member Requirements:

- Members must be active in the committee – attending and participating in at least 75% of scheduled committee calls. Monthly calls are the first Tuesday evening of every month and approximately an hour in length, however we have calls more often prior to a big event.
- Members will take a leadership role on at least one committee project encouraging participation at the local level including monitoring progress towards the initiatives which he or she has direct accountability.
- Members will share information and encourage participation within their Region, including Regional Directors and Clubs as Members are the primary contact and representative of their respective regions.

If you would like to join the Local Level Committee to help bring new people to the Arabian horse, please complete the application, and email to marketing@arabianhorses.org. If you have questions about the Local Level Committee, please contact Josh via email at joshua6654@hotmail.com.

Thank you for your interest!

Joshua Schildroth
Local Level Committee Chair

Local Level Committee Member Application

- Club Management

Are you willing and able to donate the volunteer time required to be an active Local Level Committee Member and to take a leadership role on one (or more) of the outreach projects?

Are you currently, or have you ever, done volunteer work for an organization? If yes, please elaborate.

Do you have a special skill set that you bring to the Local Level Committee? (social media management, marketing experience, etc.)

What would make you a valuable member of the Local Level Committee?

What would be your vision to encourage Local Level attendance, involvement, and momentum in your region that you would have direct accountability towards?
