

# INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Arabian Horse Association:

# Report on the Financial Statements

We have audited the accompanying combined financial statements of Arabian Horse Association and Arabian Breeders Sweepstakes Trust (the "Organization") which comprise the combined statement of financial position as of March 31, 2019, and the related combined statements of activities, functional expenses and cash flows for the year then ended and the related notes to the financial statements.

# Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

# Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

# Independent Auditors' Report (Continued)

# Opinion

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of March 31, 2019, and the changes in their net assets and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

# Effect of Adopting New Accounting Standard

As discussed in Note 2, the Organization adopted the Financial Accounting Standards Board's Accounting Standards update ("ASU") 2016-14, Not-for-Profit Entities (Topic 958)-Presentation of Financial Statements of Not-for-Profit Entities as of and for the year ended March 31, 2019. The requirements of the ASU have been applied retrospectively to all periods presented. Our opinion is not modified with respect to this matter.

# Report on Summarized Comparative Information

We have previously audited the Organization's 2018 financial statements, and our report dated October 29, 2018, expressed an unmodified opinion on those audited financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended March 31, 2018, is consistent, in all material respects, with the audited financial statements from which it has been derived.

## Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Supplemental Schedules 1-5 are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Combined Financial Statements (continued)

## **Basis of Presentation**

The financial statements of the Association have been prepared in accordance with U.S. generally accepted accounting principles ("US GAAP"), which require the Association to report information regarding its financial position and activities according to the following net asset classifications:

**Net assets without donor restrictions:** Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of the Association management and the board of directors.

**Net assets with donor restrictions**: Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Association or by the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity.

## **Measure of Operations**

The statement of activities reports all changes in net assets, including changes in net assets from operating and nonoperating activities. Operating activities consist of those items attributable to the Association's ongoing services and interest and dividends earned on investments. Nonoperating activities include royalties paid on the license agreement (see footnote 15) and other activities considered to be of a more unusual or nonrecurring nature.

## **Cash and Cash Equivalents**

For purposes of the statement of cash flows, the Organization considers all highly liquid debt instruments purchased with an initial maturity of three months or less, except for money market funds, to be cash equivalents.

## Fair Value Measurements

The Organization follows *Fair Value Measurements* which among other things require enhanced disclosures about investments that are measured and reported at fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.
- Level 2 Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Combined Financial Statements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value

U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Exchange Traded Funds: Valued at the closing price reported on the active market on which the funds are traded.

Money market: Approximates fair value because of the immediate or short-term maturities of these financial statements.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the investment balances and the amounts reported in the statement of financial position.

The carrying amount reported in the statement of financial position for cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities, approximate fair value because of the immediate or short-term maturities of these financial instruments.

#### **Trade Receivables**

Trade receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a provision for bad debt expense and an adjustment to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. As of March 31, 2019, the allowance was \$14,562.

## **Property and Equipment**

Property and equipment is stated at cost or fair market value, if donated, and depreciated over the following estimated useful lives using the straight-line method:

Furniture and fixtures	10 years
Equipment and software	5 years
Films	3 years
Building & Land Improvements	10 years
Building	30 years

Expenditures for maintenance, repairs and minor replacements are charged to operations and expenditures for major replacements and improvements of \$1,000 or more are capitalized.

Capital leases are recorded at the lower of fair market value or the present value of future minimum lease payments. Amortization of capital leases is included with depreciation expense.

## **Donated Services**

A significant portion of the Association's functions, which are conducted by unpaid volunteers, is not reflected in the accompanying financial statements since the volunteers' time does not meet the criteria for recognition.

Notes to Combined Financial Statements (continued)

## **Revenue Recognition**

Registration revenues are recognized when received with an allowance provided for potential cancelled transactions. Life membership revenue is recognized over the expected active membership period which has been determined at ten years. Other membership revenue is recognized over the term of the membership. Convention and national championship events revenue are recognized in the month the convention or event occurs. Other revenue is recognized as earned. As of March 31, 2019, the Association recorded deferred revenue which represents revenue collected during the fiscal year that applies to activity of subsequent years.

## **Contributions**

Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, support, depending on the existence or nature of any donor restrictions.

Support that is restricted by the donor is reported as an increase in without donor restrictions if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in purpose restricted or perpetual in nature net assets depending on the nature of the restriction. When a restriction expires (that is, when a time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Combined Statement of Activities as net assets released from restrictions.

### Methods Used for Allocation of Expenses from Management and General Activities

The financial statements report certain categories of expenses that are attributable to one or more programs or supporting functions of the Organization. These expenses include depreciation, office & facilities maintenance, business systems maintenance, supplies, and bank service & merchant fees. Depreciation, office & facilities maintenance, business systems maintenance, and supplies expenses are all allocated based on relative staffing levels for the functional groups. Bank service & merchant fees are allocated based on relative revenues earned by the functional groups.

## **Prior Year Summarized Financial Information**

The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization financial statements for the year ended March 31, 2018, from which the summarized information was derived.

## **Evaluation of Subsequent Events**

The Organization has performed an evaluation of subsequent events through October 31, 2019, which is the date the financial statements were available to be issued, and has considered any relevant matters in the preparation of the financial statements and footnotes.

## (3) Tax Exempt Status

The Association and Sweepstakes Trust are exempt from income tax under 501(c)(5) of the Internal Revenue Code except for amounts representing unrelated business income.

Certain portions of the Organization's operations are subject to unrelated business income tax. No income tax expense was incurred for the year ended March 31, 2019.

Notes to Combined Financial Statements (continued)

The Organization follows the *Accounting for Uncertainty in Income Taxes* accounting standard which requires them to determine whether a tax position (and the related tax benefit) is more likely than not to be sustained upon examination by the applicable taxing authority, based solely on the technical merits of the position. The tax benefit to be recognized is measured as the largest amount of benefit that is greater than fifty percent likely of being realized upon settlement, presuming that the tax position is examined by the appropriate taxing authority that has full knowledge of all relevant information. During the year ended March 31, 2019, the Organization's' management evaluated its tax positions to determine the existence of uncertainties, and did not note any matters that would require recognition or which may have an effect on its tax-exempt status.

The Organization is no longer subject to U.S. federal and state income tax audits on its Form 990 and Form 990-T for years prior to Fiscal Year 2016, and is no longer subject to audits on its related state return by taxing authorities for years prior to Fiscal Year 2015. The years subsequent to these years contain matters that could be subject to differing interpretations of applicable tax laws and regulations. Although the outcome of tax audits is uncertain, the Organization believes no material issues would arise. Historically, the Sweepstakes Trust's has operated as a division of the Association and accordingly, the Sweepstakes Trust's activity has been included in the Association's tax return. The Sweepstakes Trust applied for its own tax exempt status and was notified on May 8, 2012, the acceptance of such tax exempt status by the Internal Revenue Service. The Sweepstakes Trust commenced filing its own Form 990 beginning with the fiscal year ended March 31, 2012.

The deferred tax asset for the year ended March 31, 2019 was \$75,640. This reflects the income tax impact of the estimated net operating loss carry-forward in the amount of \$295,121.

## (4) Cash Investments and Concentration of Credit Risk

The following table presents the Organization's fair value hierarchy for those assets measured at fair value on a recurring basis as of March 31, 2019:

	Level 1	Lev	<u>rel 2</u>	Lev	<u>vel 3</u>	<u>Total</u>
Investments:

Money Market						2,402,337
Total investments						\$ 9,977,095

## Concentration of Credit Risk:

The money markets invest in U.S. government securities and are not concentrated in any specific U.S. geographical area or industry group. The exchange traded funds invest in stocks, tracked in national indexes such as the S&P500, and diversified in broad market sectors. U.S. bond obligations are backed by the full faith and credit of the U.S. government.

The majority of the Organization's cash demandok deposits are held at financial institutions in which deposits are insured up to \$250,000 per institution by the FDIC. As of March 31, 2019, the Organization's cash demand deposits held at financial institutions were less than the FDIC's insured limits.

Notes to Combined Financial Statements (continued)

## (5) Prize Money Program Assets

Sweepstakes assets are held in trust by the Organization for its Sweepstakes program participants. The agreement governing the trust and the rules and regulations of the Sweepstakes program mandate that the principal of these assets shall be used solely to fund awards to Sweepstakes winners and for no other purpose during the duration of the Sweepstakes program.

In addition, the Association acts in an agency capacity for the Halter Futurity, Yearling Jackpot and Performance Futurity prize money program assets.

		Cash	Interfund		
	<u>Cash</u>	<u>Investments</u>	Receivable	<u>Interest</u>	<u>Total</u>
Sweepstakes program	\$ 74,468	\$ 7,794,522	\$ 29,232	\$ -	\$ 7,898,222
Halter Futurity	15,602	656,310	(16,407)	-	655,505
Yearling Jackpot	1	-	16,222	319	16,542

Total	\$ 90,071	\$ 8,450,832	\$ 194,275	\$ 319	\$ 8,735,497

The net interest earned on the cash investments of the Sweepstakes and Performance Futurity programs is added to prize money payout for these programs. The net interest earned on cash investments of the Halter Futurity program is used to support the activities of the Association. The realized and unrealized gains or losses on the cash investments of the Sweepstakes, Halter Futurity and Performance Futurity programs are recognized as without donor restrictions income available for the activities of the Association. Yearling Jackpot interest is added on to prize money payout for associated classes.

## (6) Sweepstakes Notes Receivable

On April 1, 2005, the Organization changed from taking promissory notes from participants in the Sweepstakes program who wished to finance their entries to a deferred billing program which accomplished the same purpose but is administered more efficiently. Each form of financing is a contractual obligation of the participant. Although money collected on these receivables is an asset of the Sweepstakes Trust, the receivable itself is not considered to be an asset of the Trust. The Trust agreement prevents any amounts not yet actually received from being included in the assets available to pay prize money. As payments are received, they are then included in the total Sweepstakes program assets available for payment of prize money. As of March 31, 2019, the carrying value approximated the fair market value. The receivables are determined to be past due based upon the contractual terms. The receivable is shown net of approximately \$9,736 in notes receivable that is considered potentially uncollectible.

## **Legal Defense Fund**

## **Purpose Restrictions**

Purpose restrictions net assets may only be used according to specific donor imposed stipulations. Once these stipulations are met, either through the passage of time or by actions of the Association, these assets will be released from the purpose restriction. Donations to the Legal Defense Fund are classified as donor restricted net assets. Such funds are used only for legal expenses related to legal defense. Donor restricted net assets consist of the following as of March 31, 2019:

Legal Defense fund	\$ -
Purpose Restrictions	11,449
Perpetual in Nature	53,762

## (11) Endowment

#### General

The Endowment Fund may include both donor-restricted endowment funds as well as funds designated by the Board to function as endowments. The endowment funds may be established for either specific purposes or general operating use. As required by Generally Accepted Accounting Principles (GAAP), net assets associated with endowment funds, including funds designated by the Board to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

## Interpretation of Relevant Law

The Association interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) and, therefore, classifies amounts in its donor-restricted endowment fund as net assets with donor restrictions until the Board appropriates amounts for expenditure and any purpose restrictions have been met. The Board of Directors of the Association has interpreted SPMIFA as requiring the maintenance of only the original gift amount contributed to an endowment fund, unless a donor stipulates the contrary. As a result of this interpretation, the Association would consider the fund to be underwater if the fair value of the fund is less than the sum of (a) the original value of initial and subsequent gifts donated to the fund and (b) any accumulations to the fund that are required to be maintained in perpetuity in accordance with applicable donor gift instrument. The Association has interpreted SPMIFA to permit spending from underwater funds in accordance with prudent measures required under the law. In accordance with SPMIFA, the Association considers the following factors in make a determination to appropriate or accumulate donor-restricted endowment funds:

Notes to Combined Financial Statements (continued)

- (1) The duration and preservation of the fund
- (2) The purposes of the organization and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the organization

## **Underwater Funds**

As of March 31, 2019, no funds were underwater.

## Return Objectives and Risk Parameters

The Association has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity or for a donor-specified period(s) as well as board-designated funds. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of the S&P 500 index while assuming a moderate level of investment risk.

## Strategies Employed For Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Association relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Association targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

## (12) Employee 401(k) Plan/Pension Plan

The Association's 401(k) plan allows no more than 17% of a participant's compensation to be allocated to a participant's account during any plan year. The Association matches up to 1% of participant contributions. Total expenses for this 401(k) plan for the fiscal year ending March 31, 2019, are \$13,176. ## (19) Accounting Standards Updates

In May 2014, the FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers* (Topic 606), which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The ASU will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective. The standard permits the use of either the retrospective or cumulative effect transition method.

Notes to Combined Financial Statements (continued)

In August 2015, the FASB issued ASU No. 2015-14, *Revenue from Contracts with Customers* (Topic 606), which deferred the effective date of the new revenue recognition standard for one year. The new standard is effective for the Organization for the year ended March 31, 2020. Early application is permitted for the Organization. The Organization is evaluating the effect that ASU No. 2015-14 will have on its financial statement and related disclosures.

In June 2018, the FASB issued ASU No. 2018-08, *Not-for-Profit Entities (Topic 958): Clarifying the Scope of the Accounting Guidance for Contributions Received and Contributions Made*, which clarifies how entities will determine whether to account for a transfer of assets as an exchange transaction or a contribution. The distinction is important because contributions are accounted for under Accounting Standards Codification (ASC) 958-605, *Not-For-Profit Entities* - Revenue Recognition, while exchange transactions are accounted for under other guidance such as ASC 606, *Revenue from Contracts with Customers*. The guidance also clarifies how entities will determine whether a contribution is conditional. The timing of revenue and expense recognition depends upon whether a contribution is conditional or unconditional. The new standard is effective for the Organization for the year ended March 31, 2020. Early adoption is permitted. The Organization is evaluating the effect that ASU No. 2018-08 will have on its financial statements and related disclosures.

In December of 2018, FASB issued ASU No. 2018-20, Leases. ASU No. 2018-20 which requires the Organization to recognize all leased assets on the statement of financial position with corresponding liability resulting in a gross up of the statement of financial position. Entities will also be required to present additional disclosure as to the nature and extend of leasing activities. The requirements of this statements are effective for the Organization's year ended March 31, 2021. The Organization has not evaluated the impact due to the timing of implementation of this standard.
