Instructions for Submitting Electronically

Regional Shows Only

AHA will accept horse show results only in an MS-DOS ASCII format. This instruction sheet outlines the procedures you will need to follow. **Please read this document carefully and keep it for future reference.** Any questions you have may be directed to the AHA Competitions Department at (303) 696-4500.

Submit results via e-mail to diskresults@arabianhorses.org or on CD to AHA Competitions Department, 6030 Greenwood Plaza Blvd, Ste 100, Greenwood Village, CO 80111. **Results must be in MS-DOS ASCII format and meet all specifications defined in this document.**

- ☞✂ All horses who were entered, shown and judged (finished the class) must be reported. Those not placed will require a 0 in the placing field.
- ☞✂ The file should be named with AHA recognition number. (Example: 00075215.dat). **The results from ONE AHA recognized show must be contained in ONE file, not multiple files.** Do not combine show results from multiple AHA recognized shows in one electronic file.
- ☞✂ Only the required information may be contained in the file. Do not include any extraneous information such as notes regarding the show.
- ☞✂ Only include results from the classes listed on the *Standard Classes* report that you received from the AHA Office in your Show Results Packet.
- ☞✂ **For Working Hunter Championships the 2 over fence classes and the 1 under saddle class SHOULD NOT BE in the AHA results file. Only the results from the Championship receives Achievement award points. PLEASE NOTE USEF does require the results from 2 over fence classes and the 1 under saddle class as well as the Championship for HOTY.**
- ☞✂ A hard copy of the results must be sent with the show fees, cover sheet, AHA memberships, etc.
- ☞✂ **Results are not considered received by AHA until the packet containing the cover sheet, fees, AHA memberships, etc. is received.**
- ☞✂ Please list all classes that have been split added or cancelled at the event on the cover sheet that you send with your result packet.
- ☞✂ Rider names should be entered as they appear on the exhibitor's AHA membership card, i.e.:
"Smith, John" **Must implement comma between last name and first name.**
- ☞✂ Every field must be contained by quotation marks and must be separated by commas.
- ☞✂ Do not use quotation marks **within** the fields. Since quotation marks are used as the markers for the beginning and end of a field, quotations within a field will cause download errors. (For example: Do not use quotation marks to indicate feet in fence heights.)
- ☞✂ **All fields must be included, whether they contain data or not.**
- ☞✂ **Do not report any scores for Dressage, Working Cow, Reining and Trail Horse**
