This resolution safeguards the level playing field intended by class leveling. To continue to allow entry and participation in Select Amateur classes by individuals who do not represent the intention of the class undermines the ability of

riders/drivers/handlers to compete against their peers. This further discourages participation and alienates the entry level
 competitor. Failure to implement this resolution in an expedited manner perpetuates the perception that there is no level
 playing field. The entry level participant is essential to the success of AHA as a whole and deserves special attention.
